James Meyer, Sale Manager, Maryville, Missouri, Route 1

Purebred Animals Are More Efficient Than Others

Many people confuse cheapness and economy. This is true in the purchase of breeding stock. Too many farmers and breeders buy the cheapest animal possible rather than the one that gives the greatest promise of improving their herd and raising the average sales price of the animals they will produce.

No one can evaluate the worth of the top individual within any breed. It is highly profitable many times to buy outstanding individuals at four to ten times their market value. For the individual who is going to develop the maximum performance in breeding stock through the best feeding, fitting and all other essential production practices there is little doubt that the most economical breeding stock is the best without regard to the original purchase price. On an average, purebred animals are more efficient than others in their use of feed. Purebreds are developed and carefully selected with definite requirements in mind. An analysis of many experiments would indicate that purebreds will average at least 15% more production than will ordinary animals. This is on a market basis and would apply to all breeders whether they were in position to capitalize on the sale of breeding animals or whether they were simply attempting to produce the greatest pounds of high selling beef with the least cost.

Probably the reason that so many people still deal with grades, cross-breds, and scrubs with so much superior breeding stock available is because they do not keep accurate records either of costs or returns. Results and profits with livestock are dependent very largely upon changes in the market levels from year to year. This confuses many people. Farmers who feed and market purebred animals under the same conditions and at the same time that they are feeding and marketing poorer quality animals readily prove the greater efficiency and returns from the purebreds. Prove these facts for yourself and join the ranks of purebred breeders.

ROLLO E. SINGLETON, Director
Livestock Division
Department of Agriculture

General Information

LOCATION—The Sale will be held at the Maryville Auction Co. Sale Barn on Highway 71, south part of Maryville, Missouri, on Monday, March 28, 1949. Show at 10:00 a. m.—Sale at 1:00 p. m..

TERMS—The terms of the sale are cash unless other arrangements are made in advance with the consignors from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at the buyer's risk as soon as bid off, but the management will attend to loading on cars or trucks in compliance with instructions from purchasers.

GUARANTEE—All cattle sold over six months old are tested for tuberculosis within thirty days of sale and tested or vaccinated for Bangs, and a health certificate will be furnished. Bulls are guaranteed breeders if properly cared for and not allowed to run with the herd. If a bull fails to breed, he may be returned to the seller, if in as good condition as when bought, and if after a test in the seller's herd he still fails to breed, he will be replaced or the purchase money will be refunded. All cows with calves at foot are considered breeders and no further guarantee is made with respect to them. All other cows and heifers over sixteen months old at the time of the sale are guaranteed to be breeders. Animals returned to sellers because they do not comply with guarantee will be at buyer's cost of transportation.

The above guarantee and terms shall constitute a contract between consignor and buyer of each lot. Neither the sale manager nor the clerk of the sale assumes any liability, legal or otherwise.

A certificate of registry and a recorded transfer will be furnished for each lot sold and an application for registry will be furnished for each calf sold at foot, and for each calf sold in dam.

If you do not receive your pedigree or calf application in a reasonable length of time, please notify the seller or the sale manager.

Where footnotes appear in this catalog, they are furnished by the consignor or written from information supplied by the consignor.

We shall not be responsible for any accidents that may occur but we shall make every effort to provide for the safety and comfort of our guests.

BIDS—Those wishing to buy who cannot be present, may send bids to Mervis F. Aegerter, Shorthorn World; Keith Walker, Stock Yards Journal; Clem Larson, American Shorthorn Breeders Association; or to either of the auctioneers: J. E. Halsey, Des Moines, Carl Graham and Glen Bradley, Maryville, Missouri, or James Merrigan, Guilford, Missouri.

From Your Secretary

Since our Association was formed in 1944, we have had 10 sales and sold 549 cattle for \$142,327.00. These cattle were sold by fifty consignors and went to 283 buyers in Missouri, Iowa, Kansas, and Nebraska.

These cattle came from Atchison, Holt, Nodaway, Andrew, Worth, and Gentry Counties, Missouri, with a few consignors living outside the district.

The members of the Association have improved their herds with outstanding sires and sell cattle that will be a benefit to the purchasers.

Therefore, I hope you will come to our Show and Sale and help us spend an enjoyable day.

A dinner will be held the evening before the sale. Merrill Langfitt, Farm Service Director of KMA, Shenandoah, Iowa, will be guest speaker. Anyone wishing tickets to the dinner please notify Dale Bellows, Maryville, Missouri.

JAMES MEYER, Sales Manager

Show and Classifications

This show and sale is co-sponsored by the Missouri State Board of Agriculture and the Northwest Missouri Shorthorn Breeders Association, Inc.

MISSOURI STATE DEPARTMENT OF AGRICULTURE AWARDS

The State of Missouri, Department of Agriculture, will award to all animals in each class that can qualify as blue ribbon, red ribbon, and white ribbon animals, their respective earned ribbons and a cash premium of \$6.00 for Blue, \$4.50 for Red, and \$3.00 for White.

These awards are made possible through an appropriation by the Missouri Legislature to encourage the production, distribution and use of better breeding animals in Missouri.

BLUE RIBBON Animals are excellent individuals.

Only animals of outstanding quality, unusually good type, symmetry, and conformation, in sufficiently good flesh and adequately fitted to demonstrate fully their qualifications will be placed in this group. These are animals of unusual merit that would in every case be a valuable addition to the top breeding herds of the state.

RED RIBBON Animals are superior individuals.

Only animals of superior quality, of good type and without any major defect, plainly demonstrating the superiority of their qualifications will be placed in this group. These animals should be sufficiently good to improve any commercial herd and most small breeders' herds.

WHITE RIBBON Animals are good individuals.

Animals of somewhat less desirable type and with one or more rather objectionable characteristics may be placed in this group. These are animals that would improve commercial herds and would in every case be superior to grade and scrub animals.

Unworthy animals will not be classified.

Leeway Leader is the last of nine consecutive bulls from the greatest cow we ever owned. She was well known to Barber, Bellows, Wilkinson, and other breeders of good cattle. In 1937 and 1938 she had heifer calves; the 1937 calf was the top female at two of our sales. Leeway Leader will command your attention for he is outstanding

Supreme Bondsman is an attractive roan calf with a swell pedigree. He is short, deep and thick with a good quarter and head. His dam is an outstanding Bellows Sweetheart and the sire is Glastullich Bondsman, our good Canadian bred herd sire. If you are looking for a bull to shorten the leg and give width to calves, this bull should do it. We think he leaves little to be desired for a herd bull prospect with his conformation and blood lines. Look this bull over sale day.

Costly Lily 35th and Costly Lily 36th are white and dark roan twin daughters of Costly Lily 13th. This cow has produced and raised five calves since October, 1945, and will calve again before sale time. Figure her at a cost of \$500.00 and she is paying hers and the calves' feed bill and about 40% per year on the investment. Where could you spend your money more wisely.

MISSIE 211th

Reserve Champion female purchased by Merryvale Farms and resold in their sale for \$1050.00.
